

Terminal Activity Update – April 28, 2015

Neptune Terminals would like to advise our neighbours about activity on our terminal related to our canola oil tanks.

Canola Tanks

- Starting today, April 28, 2015, Neptune Terminals is beginning the removal of the canola tanks from the terminal.
- The activity will take place Monday to Friday from 7:00am to 5:00pm through to the end of May.

Strict environmental management procedures will be followed to ensure the canola tanks are removed safely and responsibly. We anticipate that any noise related to the activity will be within City of North Vancouver bylaw allowable limits.

As always, our commitment to our neighbours will be to minimize impact or disruption. Neptune will be working closely with our contractors to ensure we remain in compliance with the noise bylaw.

We will continue to keep you informed on our activities and will also be posting regular updates on our website, www.neptuneterminals.com.

Questions? Please contact us at: community_questions@neptuneterminals.com OR 604-983-7935
