

Neptune Bulk Terminals (Canada) Ltd., a leading multi-product bulk material export facility located on the North Vancouver waterfront is seeking an individual(s) to join our Maintenance team. The successful candidate(s) will be responsible for motivating and directing crews in the field; have strong communication and multi-tasking skills and is available to work three shifts, seven days a week in a unionized environment.

MAINTENANCE ELECTRICAL FOREMAN

(Up to 2 Positions)

As a key member of our Maintenance Team, you will direct crews in the field to ensure safe, efficient and cost effective operations. You bring to this role an Electrical Trades Qualification (T.Q.) from a provincially recognized post-secondary institution or similar qualification, have experience working with high voltage equipment, and demonstrate an in-depth knowledge of Allen Bradley PLC systems and programming, Factory Talk View and new generation process controls. Experience working with materials handling/process equipment in a heavy industrial environment would be a definite asset.

Candidates must also have a minimum 5 years supervisory experience, proven ability to motivate and direct crews in a safe, efficient and cost effective manner while developing and maintaining effective relationships with other supervisors, management and third parties. A strong commitment to safety, training, and environmental protection is essential.

Candidates will participate in an interview process, pre-employment standardized testing, and reference checks. The successful candidate(s) will also be required, as a condition of employment, to undergo an independent Company sponsored medical examination including drug and alcohol testing and a criminal record check. Join a winning team and send your resume by March 29, 2019 to:

c/o Human Resources
